NOTES

1. This Application Form must be completed in its entirety and submitted to the Ministry with the prescribed application fee in accordance with the instructions below.
2. The Minister may request the applicant to provide additional information not contained in this application form.
3. Applicants are responsible for complying with the application procedures and requirements set forth in the *Telecommunications (Public Telecommunications) (Licensing) Regulations, 2003* issued by the Minister.
4. Applicants are responsible for complying with other Government requirements regarding construction and use of the proposed network facilities (e.g. Town and Country Planning legislation).
5. To be eligible for filing an application, applicant must comply with all legal requirements for holding a licence.
6. Applicants providing false or misleading information will be subject to penalties in accordance with section 92 of the *Telecommunications Act 2001-36*.
7. A brief description of the proposed network, but not the submitted application, will be made available for public inspection. Information provided in this application will be treated as confidential.
8. Grant of licence is at the discretion of the Minister. Application fees are not refundable.
9. This application is only for a licence to construct, operate, and maintain a telecommunications network. A separate application and licence is required for use of spectrum. The applicant must have both licenses before the applicant can operate the network or use the spectrum required to operate the proposed telecommunications network. The applicant is urged to submit this application and the application for a Spectrum Licence at the same time to expedite the processing. The application form for a Spectrum Licence may be obtained from the Ministry.
10. Any person seeking to provide telecommunications service in Barbados must submit a separate application for a Service Provider Licence. This application form may be obtained from the Ministry.
11. Persons operating without the required licences are subject to the fines and penalties set out in the *Telecommunications Act 2001-36*.
12. Applicants granted a licence by the Minister will be responsible for paying an annual licence fee in accordance with the *Telecommunications (Licence Fees) Regulations, 2003*.
13. This form may be used also to modify a pending application for a telecommunications network or for an application to modify an existing Telecommunications Network Carrier Licence. In such cases, the Ministry should be consulted to determine the appropriate modification fee to be submitted.

General Filing Instructions

1. If this is a request for modification for an application pending or modification of a licence, applicant must consult the Ministry for the appropriate modification fee.

2. To be accepted for filing, applications must be signed by a person authorised by the applicant. By signing, the applicant certifies that the information submitted is true, complete, correct, and made in good faith.
3. The applicant shall submit 2 copies of the application, including supporting documentation, and the application fee, to:

The Chief Telecommunications Officer
Telecommunications Unit
Ministry responsible for Telecommunications
Barbados

Instructions for Completion

If this is an application to modify an application, please attach a copy of the original application submitted, and, if requesting a licence modification, also attach the licence granted. Where there is no change in the information requested in the application form, please put “No Change’ next to the information requested. Where the information requested is not the same, please indicate the modification being proposed and the nature of the change and the reason for the proposed change.
